

A journey through Spain's Rich Culture and Sublime Cuisine

La Alhambra, Granada

Dear friends,

Awaken your taste buds in the land of El Bulli and Cervantes for the ultimate gastronomic and cultural adventure during 2015.

According to Restaurant Magazine's poll of international chefs, restaurateurs, gourmands and restaurant critics, **three out of the best eight restaurants in the world are located on Spanish soil.**

On their 2014 edition, the second place has been bestowed to **El Celler de Can Roca**, a Catalan family restaurant offering Modern Spanish cuisine; the sixth place has been granted to **Mugaritz** with its techno-emotional Spanish cuisine; and the eighth place has been awarded to **Arzak**, a family-run San Sebastián restaurant skilled in cutting-edge Basque cuisine. Curated as a culinary experience like no other, this exceptional journey will take you to all three.

Stay on the grounds of **La Alhambra** in picturesque Granada; visit the **Guggenheim and Chillida Museums** in the Basque Country; and tour Gaudi's works in Barcelona. Complete the experience by relishing in a rare caviar tasting at Europe's first organic caviar producing sturgeon farm to touring a local market in San Sebastián ushered by a renowned chef who will then organize a cooking party.

At Greatness we invite you to enjoy privileged access and unique perspectives on the Spanish treasures.

Warm regards,

Isabel Benjumea

La Hoyabuella Country House, Algarinejo, Granada

LA HOYABUELA COUNTRY HOUSE

Available for stays (6 rooms), visits and events up to 150 people

This unique Countryside Home is located in the heart of the Montes Occidentales inside an olive plantation from the late nineteenth century, which maintains the original mill and oil cellar. Rebuilt on the ruins of an ancient Arabian fortress, it is surrounded solely by an olive grove, a stream and an Arabian garden in which water is the central theme running through its many fountains and channels. It has an oil cellar in the old mill, which is ready to hold small events.

During the trip, you learn the secrets of perfecting traditional olive oils as you notice their intricacies during a private tasting. Lunch will be served with the country estate owners doing the honors.

Torre Satrústegui, San Sebastián

TORRE SATRÚSTEGUI

Available for visits, experiences and events

The Satrústegui Tower was built in 1884 by Baron Satrústegui. It sits on the Igueldo hillside and owns one of the most spectacular views of the city of San Sebastian and its bay La Concha. A representative example of eclectic architecture with historicist feel, the tower is surrounded by a magnificent tree-garden signed by the well-known landscaper Ducasse.

A cozy cooking party tasting and preparing the unique Basque cuisine together with a recognized local chef at the property cannot be a better start for your stay in San Sebastián during the journey.

Santa Clotilde Palace, Costa Brava

SANTA CLOTILDE PALACE

Available for visits, experiences and events

A bare coastal line in the Costa Brava, full of vineyards and vegetation, became the paradise of the Marquis of Roviralta, a man with passion for botany and gardening, in the early 20th century. He promised himself that he would create the garden he always dreamed about and the palace facing the sea where he would live. And he truly did.

During the journey lunch will be especially catered at this Palace, a magnificent 1930s property surrounded by neoclassical sculptures amid manicured gardens of impressive beauty inspired by Villa d'Este in Italy.
