

*The Xarbet Villa*

Dear Friends,

Spain has a particularly rich cultural history boasting the second highest number of UNESCO World Heritage sites in the world. We allow you to discover the private side of Spanish heritage, through their exclusive and exceptional private homes, palaces and villas. Many of these residences are still owned by illustrious Spanish families and, as a guest, you learn the family history directly from their descendents.

Renting a private residence also gives your client the intimacy and privacy you they won't get from a hotel, and offers plenty of opportunities for families and friends to relax and enjoy each other's company.

I invite you to discover this world of exclusivity,

Warm regards,

Isabel Benjumea,  
CEO & Founder

## **PALATIAL HOUSE MARCHIONESS OF TENORIO**

*Available for stays and events (9  
rooms, max 18 guests)*

Washington Irving wrote his “Tales from the Alhambra” while living in this 13th-century palace in the quintessential Sevillian neighborhood of Santa Cruz. The building was originally part of the Alcázar, and, from its terraces and corners, offers unparalleled views of the city. It is a supreme spot to enjoy the Seville.

Hernando, the actual manager of this family property, puts great emphasis in making you feel at home. He restored the interior of

the building to offer every comfort while paying special attention to detail and keeping the flavor and charm of a private home.

The art collection will leave you breathless.

traditional preparations, enriched by creativity, imagination and experimentation. His goal is to celebrate and promote flavor innovation, cocktail creativity and engaging conversations with interesting, animated guests.

Private dinners with a celebrity chef can be held in any of our GREATNESS properties. During the summer months we suggest *Torre Satrústegui*, a magnificent property overlooking the city of San Sebastian. The perfect spot to enjoy the most delicious basque flavors.
